Statement on California Proposition 65

The California Proposition 65, formerly known as the Safe Drinking Water and Toxic Enforcement Act of 1986, was enacted as a ballot initiative in November 1986.

The proposition helps protect the state's drinking water sources from being contaminated with approximately 1000 chemicals known to cause cancer, birth defects or other reproductive harm ("Proposition 65 Substances") and requires businesses to inform Californians about exposures to Proposition 65 Substances.

Endress+Hauser does not manufacture or market consumer products. Consumer products are defined as products for the personal use, consumption, or enjoyment of a consumer. Hence our products are out of the scope of this regulation.
